To identify and interpret agrichemical product information and demonstrate knowledge of safety with agrichemicals. A \$50.00 subsidy from REAP Marlborough has been included.

Improving Employment Pathway

Celebrate
Matariki
with us

The constellation was important to ancient Māori for navigation and for indicating when the seasons were changing. The first rising of the Pleiades and of Rigel (Puanga in northern Māori, Puaka in southern Māori) occurs just before sunrise in late May or early June. The time for the celebration of Matariki varies and some iwi celebrate it immediately, while others wait until the rising of the next full moon, or the dawn of the next new moon. In traditional times, Matariki was a season to celebrate and to prepare the land for the coming year. Offerings of the produce of the land were made to the gods, including Rongo, god of cultivated food. This time of the year was also a good time to instruct young people in the tikanga about the land and the forest. In addition, certain birds and fish were especially easy to harvest at this time.

Saturday 30 June, Waikawa Marae, 210 Waikawa Road. 10.00am – 2.00pm. Powhiri at 10.00am. Food stalls, merchandise stalls, music, raffles, Matariki activities, Health Promotions, Weaving Stars, Waiata, Kapahaka, Face Painting and dress ups. What a day, don't miss the fun!

Please contact Picton Resource Centre for more Matariki celebration details. 5737790
